Re: MM Docket No. 99-25 (LPFM Proceeding)

Dear Ms. Dortch:

I am writing to thank the FCC Commissioners for their recent steps towards licensing new low power FM radio stations. As a supporter of the Chicago Independent Radio Project (CHIRP), I am writing today to ask you to be sure to allow room for new LPFMs in large markets like Chicago. It's crucial to allow new grassroots radio stations like CHIRP the opportunity to broadcast to our vibrant, diverse urban audiences.

I strongly support the idea of dismissing all pending translator licenses in markets where a set LPFM "floor" could not be met if additional translator licenses were granted. I'd also ask that, moving forward, the Commission make sure there is room for urban LPFMs in the country's largest markets by providing opportunities for waivers for second adjacent channels, as called for in the Local Community Radio Act.

Please give groups like CHIRP the chance to apply for broadcast licenses by providing the flexibility to ensure frequencies can be found to license new LPFMs in urban areas.

Respectfully submitted,

Signed: Bonnie Page
